

CENTURY TEXTILES AND INDUSTRIES LIMITED

118th Annual Report & Accounts
2014-2015

CHAIRMAN'S STATEMENT

Dear Shareholders,

Global economy is not growing as expected. However, Indian economy is signaling some signs of recovery which is a positive factor. Due to substantial reduction in crude oil prices, there has been some relief from continuing high inflation which has led to adoption of easy monetary policy by Reserve Bank of India by reducing interest rates. It is expected that interest cost will decline in the near future leading to revival of investment in industry and infrastructure. With the new stable government at the centre which is committed to several reforms, our economy in the coming years should grow at a rapid pace.

During 2014-15, our Company had to face several challenges in terms of higher input costs and pressure on selling prices of almost all the products manufactured by the Company which are reflected in the results given in the Annual Report. The expected demand push

did not happen and un-seasonal monsoon in many parts of the country has placed adverse pressure on consumer demand in general. With the new Government committed to the revival of business sentiments in the country, the outlook of the Company may remain stable. However, the announcement by the Indian Meteorological Department that the monsoon is likely to be below normal is, to some extent, a worrying factor for the current year.

I would like to extend my gratitude to all our stakeholders including shareholders, customers, lenders and our loyal, hardworking and committed employees for their continued support and faith in the Company.

BIRLA CENTURY

Spreading System, Automatic Drawing-in and Microsand Sueding Machines

Spreading System : At Birla Century Made-up unit the fabric Spreading System, which consists of Spreader and Table, has been installed.

This Morgan Fusion Spreader is designed with the latest generation technology and electronic components to provide the highest efficiency in spreading all types of fabric, with ease of operation and best utilization of fabric. Further, it accurately aligns fabric edges at both ends and it is energy efficient.

The Table is with modern design perforated surface

Spreading Machine with cutting Facility for Bedlinen

and equipped with blowing fans to shift the layered mass quantity of fabric from one end to other end in an efficient manner.

Productivity : This Morgan Spreader is suitable to spread 30000 meters fabric on table in a day.

Automatic Drawing-in Machine : SAFIR S80 Automatic Drawing-in machine is most modern with simple in operation and with technical properties to deliver faultless quality of drawn-in warps.

Thanks to its unique camera system, even coloured warps are recognized, and pattern can be programmed via download from a textile CAD system. This results in high production with good quality of warp.

Microsand Sueding Machine : The state of art peaching / sueding Microsand machine from LAFER (Italy) consists of Diamond emery enabling us to cater the latest market demand of special finishes of soft surface touch, peach skin / sueding / carbon peach effect, etc. on yarn dyed, piece dyed shirting and bottom weight of cotton / cotton-Lycra fabric. Additionally this machine can produce surface raising, velvety effect and flannel effect on fabric surface. The production capacity is 3.5 lakh meters per month.

CENTURY DENIM

Caustic Recovery Plant, Pilot Sampling Plant at Research & Development Centre and Xorella Yarn Conditioning

Caustic Recovery Plant : Century Denim is the first Indian Denim plant which has Caustic Recovery Plant (CRP) from KORTING, Germany. The CRP plant is fully automatic at three stages. It recovers almost 90% caustic from effluent wash liquor of mercerize process. It works on evaporation principle, and not only reduces the pollution load and cost of effluent treatment plant, but generates fresh water which we reuse for further process.

Pilot Sampling Plant at Research & Development Centre : In today's scenario, to cater overseas and domestic leading brands and to showcase the strength of R&D by offering more and more innovative designs and products at faster rate, pilot sampling plant is a

necessity. Century Denim has set up a new pilot sampling plant at R&D centre. This facility is not only helpful for creating an up-market collection range to offer to niche segment but also for developing innovative fabrics samples with designs / blends in shortest time and for quality improvement and customer services.

Xorella Yarn Conditioning : Xorella yarn Conditioning machine has been installed. This improves the quality of value added yarn such as Elastane, Slub, Multi-count etc. and fabric made of these yarn. Also this enhances the working of yarn in further processes such as warping & weaving and improves the efficiency of looms. The machine capacity is 24 MT/day.

VFY Doubling & Twisting unit

A Doubling & Twisting unit of 90 tonnes per month capacity was commissioned in the month of December' 14 to cater to Embroidery yarn segment. The unit houses 20 state-of-art TFO machines and complete hank facility with heat setting. Plans are underway to increase the unit capacity to 150 Tonnes Per Month by October' 15.

ICC Award for Excellence in Energy Conservation & Management

The company has a successful track record towards energy conservation & management. In recognition of this, Indian Chemical Council conferred the ICC Certificate Of Merit For Excellence in Energy Conservation & Management for the year 2013, in the month of September' 14.

NCQC Awards

Four Quality Circles participated in National Convention on Quality Concepts-2014 held in Pune in December' 14. Two of them won Par Excellence (the highest award) & two won Excellence award. Also four Quality Circles won Gold award and four won Silver in the Annual Chapter Convention held in September' 14 in Mumbai.

Newly Commissioned Manikgarh Cement Unit II

2.8 Million TPA cement plant at Gadchandur, Dist. Chandrapur, Maharashtra

Manikgarh cement unit II of 2.8 million tonnes per annum capacity cement plant along with single length pipe conveyor longest in the country (7.5 km.) has been commissioned during the year 2014-15.

It is a matter of great pleasure and pride that all the main assets like Kiln, Raw Mill, Coal Mill and Cement Mills including 60 MW captive thermal power plant are performing at optimum level in conformity to the technology and expectations envisaged at the design stage.

All the nuisance Dust Collectors and Process Bag Houses are performing exceptionally well to maintain emission level less than 25 mg/nm³.

We have developed water reservoir in our limestone open mining watering pit. Total capacity is 1100 million litres. Water in the reservoir is stored through rain harvesting, which is used as a industrial process water in summer season.

Lime Stone Mines and Water Reservoir at Manikgarh Cement

Century Cement has been awarded **“Silver Award”** in Cement sector for outstanding achievement in **“Environment Management”**.

We are strictly adhering to the cement industry environment norms in all our cement plants which is eco-friendly as well as conserving energy.

New Product Launch – PE Coated Board

PE coated boards, which find applications in the F&B segment for cup manufacturing have benefited significantly from the changing Indian lifestyle.

Growth has also been aided by the expansion of global and regional fast food chains and take-away eateries. The potential of PE coated board makes it a lucrative market to be in.

The current Indian PE coated cup market is about 6,500 tonnes per month. The market in India is nascent with only one manufacturer supplying PE coated board pan India and hence makes it a good opportunity for Century Pulp & Paper. The other players in the market are smaller, regional converters. Currently, Century Pulp & Paper caters to approximately 15% of the market.

In lieu of increasing demand for PE coated products, Century Pulp & Paper has started working with converters to supply PE coated board in the Western region and expects to replicate this business model in other regions across the country.

Primary Sludge Handling System in ETP

In line with Century Pulp & Paper's commitment towards generating wealth from waste, a new Primary Sludge Handling System was commissioned in 2014-15. Century Pulp & Paper is currently the only paper manufacturer in India to have this system for sludge treatment.

The sludge handling system from Bellmer, Germany gives Century Pulp & Paper 100% recovery of solid waste from effluents. This allows Century Pulp & Paper to reuse fiber recovered from effluents as input raw material in the manufacturing of multi-layer packaging board.

Dear Shareholders,

We are pleased to present the 118th Annual Report of the Company and the audited statement of accounts for the year ended 31st March, 2015. A summary of the financial results is given below. The performance of the Company during the year has been adversely affected due to higher input costs on the one hand and pressure on selling prices on the other, because of demand recession. Labour relations at all the plants are cordial and an atmosphere of mutual trust and confidence prevails.

1. SUMMARISED FINANCIAL RESULTS:

The performance of each business segment of the Company has been comprehensively discussed in the Management Discussion and Analysis Report (forming part of this Directors' Report) based on the reports of the Wholetime Director of the Company and the Senior President/CEO of each of the units of the Company.

2. DIVIDEND:

The Board of Directors has recommended a dividend of 55% i.e. ₹ 5.50 (Rupees five and paise fifty) per share of the face value of ₹ 10/- each for the approval of the shareholders. Last year the dividend was paid at the same rate. This dividend will be paid when declared by the shareholders in accordance with law out of accumulated profits and will be free of tax in the hands of the shareholders. The Company will have to pay dividend distribution tax plus applicable surcharge and education cess on the dividend which amounts to 20.36% approximately.

3. SHARE CAPITAL:

During the year, the Company has allotted warrants to promoters on preferential basis aggregating to 1,86,50,000 warrants at the rate of ₹ 354.89 per warrant. Out of 1,86,50,000 warrants allotted, the allottees have exercised their right for conversion in respect of 84,70,000 warrants into the equal number of equity shares of the face value of ₹ 10/- each fully paid up of the Company. Accordingly, paid up equity share capital of the Company as on 31.03.2015 stands increased from ₹ 93.04 crore to ₹ 101.51 crore. For balance 1,01,80,000 warrants, rights of conversion can be exercised on or before 18th December, 2015.

4. EXPORTS:

The total exports of the Company amounted to ₹ 589 crore (Previous year ₹ 529 crore) representing about 8 percent of the net sales.

5. EXPANSION & MODERNISATION:

a) Rayon, Tyre Cord & Chemicals

Out of twelve new CSY machines, order for which was placed earlier, four machines have been commissioned in March 2015 and remaining eight machines will be commissioned in the second half of this financial year.

A doubling and twisting unit of 90 Tons per month capacity was commissioned in December 2014 which will be enhanced to 150 Tons per month by September 2015.

Additional capacity for production of Zero twist Rayon Tyre Yarn is likely to be commissioned by September 2015.

b) Cement

Manikgarh Cement Expansion – 2.8 Million tpa + 60 MW Captive Thermal Power Plant – Gadchandur, Maharashtra

Manikgarh Cement unit II has been commissioned during the month of September, 2014 and the plant is now running at optimum level.

Company's total cement manufacturing capacity now stands increased from 10 million tonnes per annum to 12.8 million tonnes per annum.

c) General

Modernisation & Technological upgradation programmes continue at all the units of the Company to maintain competitiveness and achieve better quality. Stringent cost control measures remain in place in all possible areas and are regularly reviewed. Special emphasis is being given to water and energy conservation.

6. LAND DEVELOPMENT AT WORLI, MUMBAI:

Construction of an office building (Birla Aurora) adjacent to Century Bhavan, the Registered Office of the Company, has been completed and occupation certificate has been received. Further, construction of another office building and retail food plaza on Century Mill land at Worli is nearing completion and occupation certificate has to be obtained. Office building Birla Aurora has been partially leased and in view of adverse leasing market, it is expected to be leased fully gradually. Negotiations with potential tenants for leasing of buildings at Century Mill land are in progress.

7. GLOBAL DEPOSITORY RECEIPT (GDR):

In view of very thin trading volume in respect of Global Depository Receipts (GDRs) issued by the Company in the year 1994 and very few GDRs remaining outstanding, it was decided to terminate the GDRs and consequently the listing at Luxembourg Stock Exchange. Accordingly, the GDRs have been terminated and in respect of outstanding GDRs, the underlying shares have been dealt with in accordance with Deposit Agreement with the Depository viz. Citibank N.A., New York and there are no GDRs outstanding as on today as far as the Company is concerned.

8. DIRECTORS:

- (a) The Directors express their profound sorrow at the sad demise of Smt. Saraladevi Birla, on 28th March, 2015, their erstwhile colleague and wife of Chairman, Shri B.K. Birla, who was an educationist apart from being an ardent philanthropist, and place on record their deep sense of appreciation for the valuable services rendered by her during her association as a Director of the Company prior to her demise.
- (b) Smt. Rajashree Birla has been appointed as an Additional Director of the Company pursuant to the provisions of Article 110 of the Articles of Association of the Company. Smt. Birla has been associated for a long period with the industrial family of Birlas and already on the Board of many large companies and thus has vast experience in the industrial field which will be beneficial to the Company. This will also fulfil the requirement of having a woman Director on the Board of Directors under the Companies Act, 2013. She will hold office upto the date of the forthcoming Annual General Meeting and being eligible, offers herself for being appointed as a Director of the Company, liable to retire by rotation.
- (c) Shri Amal Ganguli resigned from the Board of Directors of the Company with effect from 4th November, 2014. The Directors place on record their deep sense of appreciation for the valuable services rendered by Shri Amal Ganguli during his long tenure of about 10 years as a Director of the Company.
- (d) Under Article 130 of Articles of Association of the Company, Shri B.K. Birla retires by rotation and being eligible, offers himself for re-election.
- (e) Shri Sohanlal K. Jain, an eminent Advocate, has been appointed as an Independent Director on the Board of the Company pursuant to provisions of Article 110 of the Articles of Association of the Company and section 161 of the Companies Act, 2013. The advantage of his vast experience is available for the benefit of the Company. The requisite resolution for approving the appointment of Shri S. K. Jain as an independent director of the Company is being placed before the members at the 118th annual general meeting of the Company.

(f) Board Evaluation

Pursuant to the provisions of the Companies Act, 2013 and Clause 49 of the Listing Agreement, the Board has carried out an annual evaluation of its own performance, the directors individually, as well as the evaluation of the working of its Committees. At the meeting of the Board all the relevant factors that are material for evaluating the performance of individual Directors, the Board and its various committees were discussed in detail. A structured questionnaire each for evaluation of the Board, its various Committees and individual Directors was prepared and recommended to the Board by Nomination & Remuneration Committee for doing the required evaluation after taking into consideration the input received from the Directors covering various aspects of the Board's functioning such as adequacy of the composition of the Board and its Committees, execution and performance of specific duties, obligations and governance etc.

A separate exercise was carried out to evaluate the performance of individual Directors including the Chairman of the Board, who were evaluated on parameters such as level of engagement and contribution, independence of judgement, safeguarding the interest of the Company and its minority shareholders etc. The performance evaluation of the independent Directors was carried out by the entire Board. The performance evaluation of the Chairman and non-independent Directors was also carried out by the Independent Directors at their separate meeting. The Directors expressed their satisfaction with the evaluation process.

(g) Meetings

During the year five Board Meetings were convened and held. The details thereof are given in the Corporate Governance Report. The intervening gap between the meetings was within the period prescribed under the Companies Act, 2013.

Further, in accordance with Clause 49 of the Listing Agreement, a risk management Committee has also been formed which also oversees the risk management of the Company.

20. CORPORATE SOCIAL RESPONSIBILITY COMMITTEE:

A Corporate Social Responsibility Committee was constituted consisting of Shri Pradip Kumar Daga, Shri B. L. Jain, Shri Yazdi P. Dandiwala and Shri Rajan Dalal as members of the Committee.

Due to average net profit of last three years being negative, your Company is not required to spend any amount of CSR activities during the year under review.

The Committee met only once during the year to finalise the Corporate Social Responsibility Policy. The annual report on CSR containing the particulars specified in the Annexure to the Companies (CSR Policy) Rules, 2014 is annexed as '**Annexure-II**' and forms a part of this Report to the Directors.

The Company recognizes that its operations impact a wide community of stakeholders, including investors, employees, customers, business associates and local communities and that appropriate attention to the fulfillment of its corporate responsibilities can enhance overall performance. In structuring its approach to the various aspects of Corporate Social Responsibility, the Company takes into account guidelines and statements issued by stakeholder representatives and other regulatory bodies.

21. NOMINATION AND REMUNERATION COMMITTEE:

A Nomination and Remuneration Committee was constituted in place of earlier Remuneration Committee and presently the members of the Committee are Shri Pradip Kumar Daga as Chairman, Shri B. K. Birla, Shri Yazdi P. Dandiwala, Shri Rajan Dalal and Shri Sohanlal K. Jain as Members.

The Company's Remuneration Policy is attached as '**Annexure-III**' and forms a part of this Report of the Directors.

22. RELATED PARTY TRANSACTIONS:

All transactions entered into with related parties as defined under the Companies Act, 2013 and Clause 49 of the Listing Agreement during the financial year were in the ordinary course of business and on an arm's length pricing basis and do not attract the provisions of Section 188 of the Companies Act, 2013. There were no materially significant transactions with the related parties during the financial year which were in conflict with the interest of the Company and hence, enclosing of Form AOC-2 is not required. Suitable disclosure as required by the Accounting Standard (AS 18) has been made in the notes to the Financial Statements.

All Related Party Transactions are placed before the Audit Committee. Prior omnibus approval of the Audit Committee is obtained on a quarterly basis for the transactions which are of a foreseen and repetitive nature. The transactions entered into pursuant to the omnibus approval so granted are audited and a statement giving details of all related party transactions is placed before the Audit Committee for their approval on a quarterly basis.

The policy on Related Party Transactions as approved by the Board is uploaded on the Company's website.

None of the Directors has any pecuniary relationships or transactions vis-à-vis the Company.

The Company's Solicitors, M/s. Mulla & Mulla & Craigie Blunt & Caroe, provides the legal services required by the Company from time to time. The transactions with the said firm are on an arm's length basis and in the ordinary course of business. Shri Yazdi P. Dandiwala, one of the Directors of the Company is a Senior Partner in the said firm of Solicitors.

23. SIGNIFICANT AND MATERIAL ORDERS PASSED BY THE REGULATORS OR COURTS:

There are no significant material orders passed by the Regulators / Courts which would impact the going concern status of the Company and its future operations. However, pursuant to a complaint filed before the Competition Commission of India (CCI) by the Builders Association of India against some of the cement manufacturers including the Company, the CCI had in June 2012 held that the cement manufacturers had contravened the provisions of Section 3(3)(a) and 3(3)(b) read with Section 3(1) of the Competition Act, 2002. The CCI had accordingly imposed a penalty on the cement manufacturers aggregating ₹ 6300 crore. The penalty imposed on the Company is ₹ 274.02 crore. The cement manufacturers, including the Company has filed an Appeal before the Competition Appellate Tribunal (COMPAT) and the matter is sub-judice. COMPAT has directed the cement manufacturers including the Company to deposit 10% of the penalty amount. Accordingly, the Company has deposited ₹ 27.40 crore in the form of a bank fixed deposit with a lien in favour of COMPAT. Based on expert legal advice, the Company believes that it has a good case and expects a favourable decision in the appellate proceedings.

24. DECLARATION BY INDEPENDENT DIRECTORS:

Necessary declarations have been obtained from all the Independent Directors under sub-section (7) of Section 149 of the Companies Act, 2013.

25. INTERNAL FINANCIAL CONTROL:

The Company has in place internal financial control systems, commensurate with the size and complexity of its operations to ensure proper recording of financial and operational information and compliance of various internal controls and other regulatory and statutory compliances. The internal auditor monitors and evaluates the efficacy and adequacy of internal control systems in the Company. Based on the report of the internal auditor, respective departments undertake corrective action in their respective areas and thereby strengthen the controls. Significant audit observations and corrective actions thereon are presented to the Audit Committee of the Board.

26. SUBSIDIARY, JOINT VENTURE OR ASSOCIATE COMPANIES:

During the year, no company has become or ceased to be a subsidiary, joint venture or associate of the Company.

27. ENERGY CONSERVATION, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO:

The information on conservation of energy, technology absorption and foreign exchange earnings and outgo stipulated under Section 134(3)(m) of the Companies Act, 2013 read with Rule 8(3) of The Companies (Accounts) Rules, 2014, is annexed herewith as '**Annexure-IV**'.

28. ENVIRONMENT AND POLLUTION CONTROL:

Top priority continues to be given to preservation of the environment by all the units of the Company. To combat pollution and strengthen the area ecology, considerable emphasis is placed on plantation of fragrant and shady trees. We are cautious of preserving water through recycling and rainwater harvesting to the extent possible. All manufacturing facilities possess the required environmental clearance from the respective Pollution Control Boards and do comply with the relevant legislation.

The Company is well aware of its responsibility towards a better and clean environment. Our efforts in environment management go well beyond mere compliance with statutory requirements. The Company has always maintained harmony with nature by adopting eco-friendly technologies and upgrading the same from time to time incidental to its growth programmes.

29. PARTICULARS OF EMPLOYEES:

Chairman

Dated: 5th May, 2015

This report covers the operations and financial performance of the Company for the year ended 31st March, 2015 and forms part of the Directors' Report.

1. Overall Review:

Working and operational parameters at all the plants of the Company were satisfactory during the year under review but profitability was adversely affected due to higher input costs on the one hand and severe pressure on selling prices on the other, for almost all the products manufactured by the Company. Our new Cement expansion unit at Manikgarh in Maharashtra State which commenced production in September, 2014 is financed mainly out of loans, due to which interest thereon had to be charged to the revenue account resulting in an increase in the overall interest burden. Further, unseasonal rains in many parts of the country had an adverse impact on the marketing scenario and consumer demand, and selling prices of almost all our products declined. However, on account of the thrust on infrastructure development and participation through foreign direct investment in certain important sectors, it is expected that the demand for our products and their prices should improve in the near future. In view of the subdued economy, the Company has to face many challenges in the coming year for which all efforts are being made to surmount the challenges and improve the situation.

2.1 Business Segment – Textiles (Cotton fabrics, Denim cloth, Yarn, Viscose Filament Yarn & Tyre Yarn)

Cotton Textiles, Yarn and Denim:

a) Industry structure & Development:

For the Textiles industry, the global focus is shifting from China to India due to cost and stability factors. The government's positive steps are expected to help this shift and if foreign investments in textiles retail materialises, the consumption of the textile products in the domestic market should increase in the years to come.

Recently, Government has withdrawn the requirement of export contract registration for cotton and cotton yarn and now these are in the free list, without any requirement of registration, which should boost export of cotton yarn and simultaneously, the domestic market is expected to improve.

Further, Egypt has removed anti dumping duty of 5% against import of cotton yarn from India with effect from 31/12/2014 which will boost the exports of Indian Cotton Yarn to Egypt. The Government has recently announced the much awaited Foreign Trade Policy 2015- 2020 in which the export obligation for domestic procurement of capital goods under EPCG has been reduced from 90% to 75% and the said Policy has also introduced a single Merchandise Exports from India Scheme (MEIS) as against 5 different schemes for rewarding merchandise exports with different kinds of scripts with varying conditions. This has simplified the procedure/documentation to get the export benefits quickly, which will promote textile exports from India.

Power and labour costs are increasing, due to which, cost of production has been going up. The expected fall in the value of rupee should act positively for promotion of exports.

b) Opportunities & Threats:

There is scope for growth in the textile industry as India's share in the global trade in textiles is weak, compared to other countries, based on the availability of raw material and skills. The free trade environment is a good opportunity for Indian textile industry to increase its share in the global market.

Recently Turkey has allowed duty free imports of textile fabrics from Pakistan and hence, India will have to face tough competition in this market for textile products.

Increase in the power costs, higher transaction costs, high cost of labour and general increase in input costs, are all hindering progress, for which the industry has to concentrate on cost reduction exercises and improvement in efficiency.

c) Segmental Review and Analysis:

Our textile unit in Gujarat, known as 'Birla Century' is utilising its capacities to its optimum but the marketing scenario has not been satisfactory due to lack of demand and higher input costs. In the major retail stores in the domestic and export markets, there has been a shift in consumer demand, from high value to low value fabrics, by keeping the

volume the same, and thereby reducing the overall product value, which results in pressure on turnover and margins. Further, the cotton yarn market remained depressed for a major part of the year under review, which adversely impacted our yarn unit near Indore in M.P. Similarly, the denim market also remained dull and domestic sales and exports from India were facing a severe price crunch. With offering of lycra denim in dobby, knitted weaves, etc. we hope that the challenges facing the yarn and denim divisions could be adequately dealt with, with an expectation for better results in the coming year.

During the major part of the year under review, the cotton yarn market remained depressed, but we expect it to improve in due course.

d) Risks and Concerns:

The fluctuations in foreign exchange adversely impacted exports and long term export orders cannot be booked in view of the uncertainty in exchange rates. Depreciation of the Euro against the Indian Rupee has adversely affected textile business, apart from the 9.6% tariff disadvantage Indian textile products suffer from the European Union. India has already started losing its markets and export orders, and countries like Pakistan, Bangladesh, Sri Lanka and Vietnam which have duty-free access, are now grabbing the market share.

Input costs, including power and labour, are extraneous factors which make it difficult for the Company to face competition from China, Pakistan and Bangladesh.

e) Outlook:

Our textile unit has increased sales to direct brands and major retail chain stores in India and abroad, which should further improve our quality, design and demand where the Company should get better realization. We are hopeful of a better year ahead.

Century Rayon – Viscose Filament Yarn (VFY) [Pot Spun Yarn (PSY) & Continuous Spun Yarn (CSY)] and Rayon Tyre Yarn.

a) Industry Structure and Development:

Global production capacity of Viscose Filament Yarn over the last 5 years has largely remained constant at about 2.85 lakh Tons/Year. While some additional capacities have been commissioned in China, non viable plants were shut down in Europe & C.I.S. countries due to shift of manufacturing operations away from the western to emerging markets.

The present industry structure indicates no competition from imported yarn in coarser deniers, and visible growth towards consumption of super fine deniers. To meet this demand, we too have increased our capacity of Continuous Spun Yarn which is our main focus.

Declining trend in demand of Viscose Filament Yarn (both PSY & CSY) witnessed in the second part of the previous financial year continued throughout the year under review, which led to a rise in inventory across the industry.

After a prolonged period, increased demand and consumption of Rayon Tyre Yarn in Europe and Japan have led to full capacity utilization of our Rayon Tyre Yarn production capacity.

Imports of Caustic Soda Lye and Carbon-di-Sulphide (CS₂) coupled with addition of new capacities of Carbon-di-Sulphide (CS₂) has created an imbalance in the demand supply scenario, resulting in a downward price adjustment.

b) Opportunities and Threats:

It is observed that imports from China of doubled and twisted yarn are steadily increasing. The presence of the organized sector for the production of this yarn is marginal. To tap this potential, the company has introduced its doubled and twisted yarn for which a capacity of 90 Tons/Month has already been commissioned and the same is scheduled to increase to 150 Tons/Month from September 2015.

The expanding middle class and rising disposable incomes are expected to create greater demand for fashionable and "better feel" fabrics leading to a rise in demand for VFY.

Fashion designers have observed that trends in ethnic and occasion wear (weddings, festivals, etc) also indicate that VFY demand (especially in embroidery and superfine fabrics) is likely to remain strong.

While substitution of VFY by polyester yarn, continues to pose a problem, mainly due to lower prices, it is expected to remain confined only to coarser deniers.

Being a labour and power intensive industry, continuous rise in these input costs will pose a major threat on operating margins. Ever increasing cost on handling of waste will also lead to erosion of margins.

c) Segmental Review and Analysis:

Rise in inventory, coupled with downward adjustment in prices by Chinese exporters, have led to decline in the prices, which has adversely impacted operating margins across this segment. Non availability of labour in our main market i.e. Surat, also led to a further reduction in consumption.

Changes in Rupee-Euro parity has adversely affected the operating margins of Rayon Tyre yarn, which pose a major threat on the viability of Rayon Tyre Yarn operations.

The Company has also concluded a long term wage agreement with the Rayon workers union for a period of 3 years 3 months, which has further enhanced the overall cost of labour.

Efforts of the Company in controlling cost of major raw materials and other input costs would help in containing to some extent, the adverse impact caused due to lower prices of our products, prevailing in the markets.

d) Risks & Concerns:

Rapid urbanization around the location of our unit, leading to high rise buildings coming up in close proximity to the Company's plant poses various risks. Being an old unit, cost of automation for reducing manpower is not viable and hence is un-economical.

New Environmental Standards for the Manmade Fibre Industry, being proposed by the Central Pollution Control Board will also add to the overall concern and the industry has already made its representation to the requisite authorities for reconsideration.

Reduction in water levels across all rivers has forced the State Government to reduce the water supply for industrial use. Any such move, if it continues, will greatly impact operations of the plant and may disturb production.

e) Outlook:

Full capacity utilization of the Rayon Tyre Yarn manufacturing facilities coupled with expansion in manufacture of Continuous Spun Yarn and introduction of doubled & twisted yarn should help the Company to face the challenges ahead and overcome the present difficult situation.

Focus on continued optimization of labour cost has yielded positive results enabling the unit to partly contain the ever rising labour cost. The outlook for the VFY industry, being a fashion fibre industry, is expected to remain satisfactory.

2.2 Business Segment – Cement (Cement & Clinker)

a) Industry Structure and Development:

India's cement industry is a vital part of its economy, providing employment, directly or indirectly, to more than a million people. Ever since it was deregulated in 1982, the Indian cement industry has attracted huge investments, from both, Indian and foreign investors, making it the second largest in the world. Indian cement plants are energy efficient and environment friendly and are comparable with the best in the world.

The installed capacity of the Indian cement industry is currently about 390 million tonnes. In the last three years, the Indian cement industry enhanced its capacity by about 65 million tonnes and is expected to add another about 40 million tonnes in the next three years. Cement industry's capacity utilization during the year 2014-15 was about 69%. Capacity utilization is gradually coming down on account of the mismatch in capacity addition and demand.

During the year 2014-15, cement production in India is expected to be 270 million tonnes as against 256 million tonnes in the year 2013-14 witnessing a growth of about 5.61% as against 3.06% in the previous year.

In India, the housing sector is the biggest demand driver for cement, accounting for about 2/3rd of the total consumption, others being infrastructure, commercial and industrial construction.

Based on the developments in the country aided by suitable government policies, the cement market in India is expected to grow at a compounded annual growth rate (CAGR) of 8.96 percent during the period 2014-19.

The industry is facing a number of bottlenecks like increased lead time for procurement of land, non availability of linkage coal, in-adequate logistics and infrastructure.

b) Opportunities and Threats:

Construction material is critical for meeting the society's need for housing and infrastructure. India has a lot of potential for development in the infrastructure & construction sector. The bold policy initiatives of the Govt. particularly in respect of affordable housing, infrastructure development, creation of 100 smart cities and ports connectivity, will bring back the Indian economy on the revival trajectory.

The GDP growth is expected at about 8% during the F.Y. 2015-16 (based on new series of GDP) as against the estimated growth of 7.4% in the F.Y. 2014-15.

Gradual reduction in fiscal deficits, consumer price index and inflation index has facilitated the central bank to lower lending rates. This will stimulate overall economic growth and in turn, cement demand. In the 12th five year plan (2012-2017), Government has planned to increase investment in infrastructure to the tune of US \$ 1 trillion which will result in higher cement consumption.

c) Segmental Review and Analysis:

During the year 2014-15, the company produced 96.30 lac tonnes of cement as compared to 81.67 lac tonnes in the previous year, witnessing a growth of 17.91%. Capacity utilization of Cement Division during the year 2014-15 was 87%. Keeping in line with the company's philosophy to protect the environment, focus on the production of blended cement was maintained. Continuous efforts are being made to increase productivity, control costs and improve quality. Shortfall in availability of linkage coal has forced the Company to procure coal from the open market/import at substantially higher prices. The average cost of power has gone up due to increase in power rate by Maharashtra State Electricity Board and cost of captive power because of high coal prices.

d) Risks and Concerns:

Coal is one of the major raw materials needed by the industry, both in the manufacture of cement and also for generating captive power. The Government's emphasis to supply coal to the power sector on a priority basis has reduced the availability of linkage coal, in turn increasing the cost of coal to cement companies. Increase in railway freight would also affect costs.

The increase in the royalty rates from ₹ 63 to ₹ 80 per tonne, along with the proposed central cess of 2% and District cess for Mineral foundation trusts of 1/3rd of royalty would lead to higher cost of limestone, the basic raw material required for cement production.

Heavy taxation is another major concern of the industry. Inadequate logistics and infrastructure is a major hindrance to smooth and efficient operations.

e) Outlook:

With the beginning of an economic turnaround and riding on the back of moderating inflation amidst a gradually improving consumer sentiment, the industry showed some recovery in cement consumption. The Government's thrust for speedy implementation of reforms will lead the economy in high trajectory growth and in turn boost cement demand.

In the short term, on account of the imbalance between capacity and consumption, cement prices are likely to remain under pressure in 2015-16. It is expected that capacity utilization will improve gradually. The long term outlook for the cement industry appears to be quite positive and encouraging.

2.3 Business Segment –Pulp and Paper (Pulp, Writing & Printing Paper, Tissue Paper and Multilayer Packaging Board)

a) Industry Structure & Development:

The paper industry in India has traditionally been cyclical in nature, with growth following the GDP's trajectory. Per capita consumption in India continues to remain one of the lowest in the world at 10kg as against 75 kg in China and 57 kg globally. This represents a significant opportunity for paper manufacturers in India.

2014-2015 was a challenging year for the paper industry in India. Reduction of import duties to zero level under various Free Trade Agreements (FTAs) with ASEAN and surplus capacities in countries like China, led to cheaper imports. This impacted the profitability of the Indian paper industry, as well as economic viability of 'B' grade paper mills. Large Indian paper companies will have to compete with new technologies coming into India to sustain their position.

With the Indian economy expected to post a strong growth, it is estimated that the paper industry will rebound in 2015-2016 and grow by approximately 6%.

b) Opportunities and Threats:

We operate in value added paper products. With changing lifestyles in the country, growth in these products is strongly visible. This is advantageous, as we are the only Indian paper manufacturer which produce all ranges of paper products i.e. Writing & Printing Paper, Copier Paper, Tissue and Board. Hence, demand-supply mismatch in any paper product gives a business opportunity to the Company. Our pan-India dealer network has strengthened over the years and gives the company a competitive advantage through nation-wide reach.

The biggest threat for the Indian paper industry is from imports of paper products from China and duty free paper products from the ASEAN region. Products from these regions have priced out many domestic manufacturers and this has resulted in a price war in the Indian market across all grades. In addition to this, government initiatives to reduce the use of paper in government offices and institutions are expected to have an adverse impact on the industry.

c) Segmental Review and Analysis:

First half of the year was considerably better in comparison with second half of the year 2014-15. With new installed capacities coming online in the second half of the year, the demand supply equilibrium in the Indian market shifted towards excess supply. This led to players dropping prices to remain competitive, which ultimately depressed price realizations and consequently, our financial performance was adversely affected.

Performance in the Writing and Printing Paper (WPP) segment continued to remain stable though price realizations were lower as a result of excess supply in the Indian market. We operate in the premium segment of the tissue product market and has used this positioning to increase focus on export markets. Demand for Company's board products remained strong and volume sales increased by 33% over 2013-2014. This was further supplemented by an increase in average realization by 5% during 2014-2015. However, increase in import costs of soft and hardwood pulp had an adverse impact on the profitability of the unit.

d) Risks and Concerns:

Domestic supply of wood is and continues to remain the biggest source of concern for Indian paper manufacturers. Bagasse supply has also become unpredictable with competition from other industries and sugar mills which use Bagasse for co-gen purposes. We have been able to develop new sources for supply of wood and Bagasse and do not foresee a drastic shortfall in raw material availability.

The uncertain availability of coal for power generation and its high price are further risks that the industry has to cope with.

e) Outlook:

The long-term outlook for paper, board and tissue paper appears to be good. We will continue to focus on launching more value added products, adopting a more customer centric approach and strengthening product quality to navigate uncertainties in the market.

3. Internal control systems and their adequacy:

The Company has a well established framework of internal controls in all areas of its operations, including suitable monitoring procedures and competent personnel. In addition to statutory audit, the financial controls of the Company at various locations are reviewed by the Internal Auditors, who report their findings to the Audit Committee of the Board. The Audit Committee is headed by an Independent Director and this ensures independence of functions and transparency of the process of supervision. The Committee meets to review the progress of the internal audit initiatives, significant audit observations and planning and implementation of follow-up action required. The Company conducts its business with integrity and high standard of ethical behaviour and in compliance with the laws and regulations that govern its business.

4. Highlights of the Company's Financial Performance:

ANNEXURE 'B'

Auditors' Certificate regarding compliance of conditions of Corporate Governance

To the Members of
Century Textiles and Industries Limited

We have examined the compliance of conditions of Corporate Governance by Century Textiles and Industries Limited, for the year ended March 31, 2015, as stipulated in Clause 49 of the Listing Agreements of the said Company with stock exchanges in India.

The compliance of conditions of Corporate Governance is the responsibility of the Company's management. Our examination was carried out in accordance with the Guidance Note on Certification of Corporate Governance (as stipulated in Clause 49 of the Listing Agreement), issued by the Institute of Chartered Accountants of India and was limited to procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the above mentioned Listing Agreements.

We state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF CENTURY TEXTILES AND INDUSTRIES LIMITED

Report on the Financial Statements

1. We have audited the accompanying financial statements of **Century Textiles and Industries Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2015, the Statement of Profit and Loss, the Cash Flow Statement for the year then ended and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

2. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements to give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

3. Our responsibility is to express an opinion on these financial statements based on our audit.
4. We have taken into account the provisions of the Act and the Rules made thereunder including the accounting standards and matters which are required to be included in the audit report.
5. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act and other applicable authoritative pronouncements issued by the Institute of Chartered Accountants of India. Those Standards and pronouncements require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.
6. An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view, in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.
7. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Opinion

8. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2015, and its profit and its cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

9. As required by 'the Companies (Auditor's Report) Order, 2015', issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act (hereinafter referred to as the "Order"), and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the Annexure a statement on the matters specified in paragraphs 3 and 4 of the Order.
10. As required by Section 143 (3) of the Act, we report that:
- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - (e) On the basis of the written representations received from the directors as on March 31, 2015 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2015 from being appointed as a director in terms of Section 164 (2) of the Act.
 - (f) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our knowledge and belief and according to the information and explanations given to us:
 - i. The Company has disclosed the impact, if any, of pending litigations as at March 31, 2015 on its financial position in its financial statements.
 - ii. The Company has made provision as at March 31, 2015, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company during the year ended March 31, 2015.

ANNEXURE TO INDEPENDENT AUDITORS' REPORT

Referred to in paragraph 9 of the Independent Auditors' Report of even date to the members of **Century Textiles and Industries Limited** on the financial statements as of and for the year ended March 31, 2015.

- i. (a) The Company is maintaining proper records showing full particulars, including quantitative details and situation, of fixed assets.

(b) The fixed assets are physically verified by the Management according to a phased programme designed to cover all the items over a period of 3 years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the programme, a portion of the fixed assets has been physically verified by the Management during the year and no material discrepancies have been noticed on such verification.
- ii. (a) The inventory excluding stocks with third parties has been physically verified by the Management during the year. In respect of inventory lying with third parties, these have substantially been confirmed by them. In our opinion, the frequency of verification is reasonable.

(b) In our opinion, the procedures of physical verification of inventory followed by the Management are reasonable and adequate in relation to the size of the Company and the nature of its business.

(c) On the basis of our examination of the inventory records, in our opinion, the Company is maintaining proper records of inventory. The discrepancies noticed on physical verification of inventory as compared to book records were not material.
- iii. The Company has not granted any loans, secured or unsecured, to companies, firms or other parties covered in the register maintained under Section 189 of the Act. Therefore, the provisions of Clause 3(iii), (iii)(a) and (iii)(b) of the said Order are not applicable to the Company.
- iv. In our opinion, and according to the information and explanations given to us, there is an adequate internal control system commensurate with the size of the Company and the nature of its business for the purchase of inventory and fixed assets and for the sale of goods and services. Further, on the basis of our examination of the books and records of the Company, and according to the information and explanations given to us, we have neither come across, nor have been informed of, any continuing failure to correct major weaknesses in the aforesaid internal control system.
- v. The Company has not accepted any deposits from the public within the meaning of Sections 73 and 74 of the Act and the rules framed there under to the extent notified.
- vi. We have broadly reviewed the books of account maintained by the Company in respect of products where, pursuant to the rules made by the Central Government of India, the maintenance of cost records has been specified under sub-section (1) of Section 148 of the Act, and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete.
- vii. (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is generally regular in depositing the undisputed statutory dues, including provident fund, employees' state insurance, income tax, sales tax, wealth tax, service tax, duty of customs, duty of excise, value added tax and other material statutory dues, as applicable, with the appropriate authorities.

(b) According to the information and explanations given to us and the records of the Company examined by us, there are no dues of wealth-tax, which have not been deposited on account of any dispute. - (c) i) 44 hectares of land were acquired at Manikgarh Cement Division and were subsequently surrendered to the Forest Department, Government of India, pursuant to the provisions of the Forest Conservation Act, 1980. The cost of land by way of compensation payable will be accounted for when determined by the Collector.
- ii) In respect of Manikgarh Cement Division, land measuring 41.20 hectares occupied by the Forest Department and disputed by the Company was adjudicated by the Collector and the Divisional Commissioner (Appeals) in favour of the Company. The Government of Maharashtra on a reference made by the Forest Department directed the Collector for a fresh demarcation of the site boundaries and has also directed the Forest Department to refund the compensation paid by the Company along with interest for the land falling within their boundary. The Revisional Authority has since observed that approx. 17 hectares of land fall within the boundaries of the reserved forest. The Company has filed a writ petition before the Bombay High Court, Nagpur bench against the said order. The Bombay high court Nagpur Bench on 3 April, 2014 upheld the order passed by the Government of Maharashtra and directed collector Chandrapur to complete the documentation of land within six months with a right to Manikgarh Cement division to challenge the forest notification issued in the year 1953, if such occasion arises. Adjustments, if any, will be made, in the year in which the matter is finally settled.

(vii) Provident Fund Liability :

In case of certain employees, the Provident fund contribution is made to trusts administered by the Company. In terms of guidance note Issued by the Institute of Actuaries of India, the Actuary has provided a valuation of Provident fund liability based on the assumptions listed and determined that there is no shortfall as at 31st March, 2015.

The assumptions used in determining the present value of obligation of the interest rate guarantee under deterministic approach are:

Remaining term of maturity - 9 to 18 years

Expected guaranteed interest rate - 8.75%

Discount rate for the remaining term to maturity of interest portfolio - 7.75%

- 41. (i)** The Company has commenced development of its mill land at Worli, Mumbai in terms with the redevelopment plans submitted to the municipal authorities under the Integrated Development Scheme (IDS) of the "Development Control Regulation of Greater Bombay, 1991" Regulation 58 i.e. DCR 58.

As per the said IDS, the Company is required to fulfill certain commitment in accordance and in the manner required by the regulations prevailing at the time of issue such as surrender of land, alternate accommodation to existing residential occupants, etc. against which the Company is entitled to benefits. The Company is in process of fulfilling its commitment pending certain claims including those under the said schemes which are expected to be fulfilled as the work progresses.

- (ii)** During the year the Company has completed construction of one commercial building, received the required certificate for occupation and commenced giving the said premises on lease. Accordingly, the building called "Birla Aurora" has been classified as Investment Property.

- 42.** The Company has re-assessed the useful life of assets for the purpose of determination of depreciation in the manner prescribed under the Schedule II of the Companies Act, 2013. Consequently:

- (i)** Where the revised useful life of assets has expired at the beginning of the year, the carrying value of such assets net of the effect of deferred tax ₹ 11.56 Crore aggregating ₹ 22.34 Crore is adjusted against the opening balance of retained earning as a transitional adjustment as per Schedule II.

- (ii)** In other cases the carrying value of the assets at the beginning of the year are depreciated over the balance of the revised useful life of the assets. The charges on account of depreciation for the year is lower by ₹ 133.11 Crore as a result of this change in estimate.

Statement referred to in Note 48 to the Financial Statements for the year ended 31st March, 2015.

STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

I. BASIS OF ACCOUNTING:

These financial statements have been prepared in accordance with the generally accepted accounting principles in India under the historical cost convention on accrual basis. Pursuant to Section 133 of the Companies Act, 2013 read with Rule 7 of Companies (Accounts) Rules, 2014, till the standards of accounting or any addendum thereto are prescribed by Central Government in consultation and recommendation of the National Financial Reporting Authority, the existing Accounting Standards notified under the Companies Act, 1956 shall continue to apply. Consequently, these financial statements have been prepared to comply in all material aspects with the accounting standards notified under Section 211(3C) of the Companies Act, 1956 [Companies (Accounting Standards) Rules, 2006, as amended] and other relevant provisions of the Companies Act, 2013.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

II. SYSTEM OF ACCOUNTING:

- i) The Company follows the mercantile system of accounting and recognises income and expenditure on an accrual basis except in case of significant uncertainties.
- ii) Financial statements are prepared under the historical cost convention. These costs are not adjusted to reflect the impact of changing value in the purchasing power of money.
- iii) Estimates and assumptions used in the preparation of the financial statements and disclosures are based upon management's evaluation of the relevant facts and circumstances as of the date of the financial statements, which may differ from the actual results at a subsequent date.

III. REVENUE RECOGNITION:

- a) Revenue/Income and Cost/Expenditure are generally accounted for on accrual as they are earned or incurred, except in case of significant uncertainties. However, where the ultimate collection of the same lacks reasonable certainty revenue recognition is postponed to extent of uncertainty.
- b) Sale of goods is recognised on transfer of significant risks and rewards of ownership which is generally on the despatch of goods and are recognised net of discounts, rebates and sales tax. Export sales are accounted for on the basis of the dates of 'On board bill of lading'
- c) Export Benefits are recognised in the year of export.
- d) Income from lease of property : Lease Income from operating lease is recognised in the statement of profit and loss on straight line over term of lease.

IV. FIXED ASSETS AND DEPRECIATION / AMORTISATION:

A) TANGIBLE ASSETS:

Tangible assets including investment properties, are carried at cost of acquisition or construction, less accumulated depreciation and amortisation.

Losses arising from the retirement of and gains or losses arising from disposal of fixed assets are recognised in the statement of profit and loss.

B) DEPRECIATION / AMORTISATION:

a) LEASEHOLD LAND:

Cost of leasehold land is amortised over the lease period.

b) OTHER TANGIBLE ASSETS:

i) Improvements to leased premises are amortised over the period of the lease / charged off on premature termination of lease.

ii) From the current year, depreciation is provided on a pro rata basis on the straight line method over the useful lives of the assets in the manner prescribed by Schedule II of the Companies Act, 2013, as against the past practice of computing depreciation at rates with reference to the life of assets subject to the minimum of rates provided by Schedule XIV of the Companies Act, 1956.

iii) a. Useful life of assets are determined by the Management by internal technical assessments except in case where such assessment suggests a life significantly different from those prescribed by Schedule II- Part 'C', where the useful life is as assessed and certified by a technical expert.

b. Assets which are depreciated over useful life/residual value different than those indicated by Schedule II are as under:

Asset class	Estimated useful life	Useful Life indicated by Schedule II
Plant & Machinery of Textile Plant at Jhagadia	20 years	15 years
Multi layer Packaging Board & Fibre Line Plant at Lalkua-Uttarakhand	35 years	25 years
New Cement Plant at Gadchandur-Maharashtra	35 years	25 years

iv) Depreciation on additions to fixed assets or on sale/disposal of fixed assets is calculated pro-rata from the month of such addition, or upto the month of such sale/disposal, as the case may be.

C) INTANGIBLE ASSETS:

Intangible assets representing cost of software capitalised is amortised over its useful life which is estimated to be a period of five years.

D) IMPAIRMENT OF ASSETS :

The carrying amounts of assets are reviewed at each Balance Sheet date. If there is any indication of impairment based on internal / external factors, i.e. when the carrying amount of the asset exceeds the recoverable amount, an impairment loss is charged to the Profit and Loss Account in the year in which an asset is identified as impaired. An impairment loss recognised in prior accounting periods is reversed or reduced if there has been a favourable change in the estimate of the recoverable amount.

V. INVESTMENTS:

Investments made by the Company are, generally, of a long-term nature and are stated at cost. A provision for diminution is made to recognise a decline, other than temporary, in the value of long term investments. However, current investments, representing securities with a maturity less than 1 year and investment not intended to be held for a period more than 1 year, are stated at lower of cost or fair value.

Investment property representing immovable property intended to be leased out and not intended to be substantially used by the Company are carried at cost, less depreciation computed in the manner prescribed for Fixed assets.

VI. FOREIGN CURRENCY TRANSLATIONS:

All transactions in foreign currency are recorded at the rates of exchange prevailing on the dates when the relevant transactions take place.

Monetary assets and liabilities in foreign currency, outstanding at the close of the year, are converted into Indian currency at the appropriate rates of exchange prevailing on the date of the Balance Sheet. The resultant gain or loss, except to the extent it relates to long term monetary items, is charged to the Statement of Profit and Loss. Such gain or loss relating to long term monetary items for financing acquisition of depreciable capital assets, is adjusted to the acquisition cost of such asset and depreciated over its remaining useful life.

In respect of forward exchange contracts entered into to hedge foreign currency risks of existing assets and liabilities, the difference between the forward rate and exchange rate at the inception of the contract is recognised as income or expense over the life of the contract. Further, the exchange differences arising on such contracts are recognised as income or expense along with the exchange differences on the underlying assets / liabilities. Profit or loss on cancellations / renewals of forward contracts is recognised during the year.

Forward exchange contracts outstanding as at the year end on account of firm commitment / highly probable forecast transactions are marked to market and the losses, if any, are recognised in the Statement of Profit and Loss and gains are ignored in accordance with the Announcement of Institute of Chartered Accountants of India on 'Accounting for Derivatives' issued in March, 2008.

VII. INVENTORY VALUATION:

- a) Raw materials, work-in-progress, finished goods, goods for trade and stores, spares, etc. are valued at cost or net realisable value, whichever is lower. Materials and supplies held for use in production of finished goods are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost.
- b) Goods in transit are valued at cost to date.
- c) 'Cost' comprises all costs of purchase, costs of conversion and other costs incurred in bringing the inventory to the present location and condition. The cost formulae used is either 'first in first out', or 'specific identification', or the 'average cost', as applicable.
- d) Due allowances are made for obsolete inventory based on technical estimates made by the Company.
- e) Inter-divisional transfers are valued, either at works / factory costs of the transferor unit / division, plus transport and other charges.

VIII. EMPLOYEE BENEFITS:

- a) **Short term employee benefits** are recognised as expenses at the undiscounted amounts in the Statement of Profit and Loss of the year in which the related service is rendered.

- b) **Post employment benefits**

- i. Defined contribution plans:

The Company's contribution to the superannuation scheme, state governed provident fund scheme, etc. are recognised during the year in which the related service is rendered.

- ii. Defined benefit plans:

- *Gratuity*

The present value of the obligation is determined based on an actuarial valuation, using the Projected Unit Credit Method. Actuarial gains and losses arising on such valuation are recognised immediately in the Statement of Profit and Loss. The fair value of the plan assets of the Trust administered by the Company, is reduced from the gross obligation under the defined benefit plan, to recognise the obligation on a net basis.

- *Provident Fund*

For certain employees, monthly contributions are made to a Trust administered by the Company. The interest rate payable by the Trust to the beneficiaries is notified by the Government. The Company has an obligation to make good the shortfall, if any, between the return on investments of the Trust and the notified interest rate.

c) Long term compensated absences are provided for on the basis of an actuarial valuation.

d) **Termination Benefits**

Termination benefits are recognised as and when incurred.

IX. GOVERNMENT GRANTS:

Grants received against specific fixed assets are adjusted to the cost of the assets. Revenue grants are recognised in the Statement of Profit and Loss in accordance with the related scheme and in the period in which these are accrued.

X. RESEARCH AND DEVELOPMENT:

Revenue expenditure, including overheads, on research and development, is charged as an expense through the natural heads of account in the year in which incurred. Expenditure which results in the creation of capital assets is capitalised and depreciation is provided on such assets as applicable.

XI. BORROWING COSTS:

Interest and other borrowing costs attributable to qualifying assets, are added to the cost of the qualifying asset, until such time as the assets are substantially ready for their intended use. Qualifying assets are those that necessarily take a substantial period of time to get ready for their intended use. Front end fees are amortised over the period of the related borrowing but not exceeding the period of five years. Other interest and borrowing costs are charged to revenue.

XII. PREMISES TAKEN ON LEASE:

Rentals for premises taken on lease are charged to revenue.

XIII. TAXATION:

Income-tax expense comprises current tax and deferred tax charge or credit. Provision for current tax is made on the assessable income at the tax rate applicable to the relevant assessment year. The deferred tax asset and deferred tax liability is calculated by applying the tax rate and tax laws that have been enacted or substantively enacted by the Balance Sheet date. Deferred tax assets arising mainly on account of brought forward losses and unabsorbed depreciation under tax laws, are recognised only if there is a virtual certainty of their realisation, supported by convincing evidence. However such deferred tax assets are recognised to the extent there is adequate deferred tax liability reversing out in future periods. Deferred tax Assets on account of other timing differences are recognised, only to the extent there is a reasonable certainty of its realisation. At each Balance Sheet date, the carrying amount of deferred tax assets is reviewed to obtain reassurance as to realisation. Minimum Alternative Tax credit is recognised as an asset only when and to the extent there is evidence that the Company will pay normal tax during the specified period.

XIV. PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS:

Provisions involving a substantial degree of estimation in measurement are recognised when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. A provision is not discounted to its present value and is determined based on the last estimate required to settle an obligation at the year end. These are reviewed every year end and adjusted to reflect the best current estimates. Contingent liabilities are not recognised but are disclosed in the financial statements. Contingent assets are neither recognised nor disclosed in the financial statements.

XV. APPLICATION OF SECURITIES PREMIUM ACCOUNT:

Share issue expenses are charged first against the available balance in the securities premium account.

XVI. CASH AND CASH EQUIVALENTS:

In the cash flow statement cash and cash equivalent includes cash in hand, demand deposit with banks, other short highly liquid investment with original maturity of three month or less.

B K BIRLA GROUP OF COMPANIES

The Group Logo - As represented by the 21st Century Atlas

Atlas, the Titan - Collective Strength

Atlas, bearer of the heavens is synonymous with vast, all encompassing strength and is used to symbolise the Group's own collective strength. It reflects the combined qualities of astute and dynamic management while emphasising the Group's tenacity, consistency, reliability and overall leadership.

The Sun - Enlightenment and Growth

The Sun, as a source of infinite energy and inspiration, is used here in conjunction with the Atlas head to represent the vitality and powerful presence of the Group - both in its industrial prowess and its financial, technological and intellectual skills.

The Earth Segments - Diversified Activities

Each of the latitudes around the Titan represent various sections - industrial, agricultural, financial and other activities of the Group. As with the infinite variety of the world, so is the strength of the Group, made up of its diverse activities.

The Globe - Global Vision

The Group's global presence and vision is reflected in the entirety of the Earth's sphere.

The Base - Solid Foundations

The strength of the entire edifice depends upon the strength of the foundation embedded in the bedrock, represented here by the Group Name.

The Symmetry - The Resilience, Versatility, and Stability

Seen in its entirety, each of the elements -Atlas, the Sun, the Earth divisions, the Globe and the Base, together sum up a well conceptualised and balanced conglomerate.
